2. We appreciate the support extended by you during this period. As per the latest statutory requirement of the Fire department, IIDL has to make some additional provisions which were not required as per earlier guidelines & thus to be in compliance with, IIDL has taken necessary steps for the additional construction work at the site which is most likely to be finished in two months' time period.

3. IIDL assures you the best and sincere efforts and services in completing and handing over the flats to you on or before July 15th, 2017 and solicits your cooperation for the same.
